

# GENERAC®

## MAKE SURE YOUR PROPANE GENERATOR IS READY TO USE THE MOMENT YOU NEED IT.

**Running out of fuel is just as bad as not having a generator at all.**

Take the guessing out of monitoring the fuel level in your LP generator's tank with a smart monitor that integrates with Mobile Link.

### ENSURE GENERATOR UPTIME

Eliminate run-outs and ensure generator uptime by knowing when your tank gets low.

### CONNECT IN MINUTES

Simple setup from your phone or computer. See your tank level anytime, from anywhere.

### SAVE ENERGY

Frequent tank level readings make it easy to understand your consumption & plan for deliveries.

### PEACE OF MIND

Feel secure knowing that your generator has the fuel it needs to keep your electronics working.
